**ENERGYMATE**  
powered by ENRAMS

**EnergyMate  
AUTOMATIC VOLTAGE  
REGULATORS CAN DELIVER  
A REDUCTION OF 10%\*  
OR MORE ON ENERGY  
CONSUMPTION**

\*Achieved savings vary  
from site to site.

We are a rapidly expanding Australian company comprised of experience, talented and motivated individuals. We apply real world, cost-effective and sustainable solutions to ensure efficient energy use and lower carbon emissions.

Our effective energy reduction and management systems, and associated services deliver long term financial benefits to our clients. Our mainstay product is the **EnergyMate** Automatic Voltage Regulator.

**EnergyMate** is available in three and single phase units. These phase sizes range from 100amps through to 900amps.
